Shopping for and using high quality products—especially the life-changing kinds of products Melaleuca offers—can be fulfilling in its own right. But here's where Melaleuca goes one step farther than other companies. A percentage of everything you spend is paid to average families trying to make a better life for themselves. This creates a proven system that has already helped tens of thousands of moms return home to raise their kids AND supplement their income. It's helped tens of thousands of families meet the demands of their monthly budget. Over the years, Melaleuca has paid \$2.7 billion in commissions to the families who recommend their products. That's real money that makes a real difference in the lives of families.

All dollar amounts are shown in U.S. dollars.

## The freedom to enjoy life on your own terms.

With your Melaleuca membership you have the ability to build your own business. A business designed first and foremost to help you eliminate any debts you may have accumulated over the years. Melaleuca is the “Get-Out-Of-Debt” Company. And we have a proven way to help you attack your debt and put you in a situation to start accumulating wealth. When you find yourself out of debt the world suddenly looks a whole lot different.

## A business you own. Proven to work. Proven to last.
